LIMITED CRAFTER USE

These digital files may be used by hobbyist and professional crafters to create their own handmade items such as greeting cards, paper or digital scrapbooks, candy wrappers, or stationery. The items that the customer receives from the professional crafter must be in a flattened (JPEG) or printed form, and they should not be able to use the item as a template. Please contact me if you plan on mass producing (more than 100 pieces in a calendar year) an item using my products, because that would require purchasing a separate commercial license.

No additional licensing fee is required for this Personal and Limited Professional Crafter and Scrapbooking license to be valid.

These items are not to be used to create any other digital products (papers, embellishments, quick pages, templates, etc.) for resale commercially.

My files are not to be shared, re-sold, rented or otherwise transferred to another user by any method, including templates or altered items created from them.

The terms of use are good for the life of the purchaser only, and may not be transferred to any other party.

FREEBIES

Please note items that I offer for free or that I create as part of a collaboration are now eligible for S4H/S4O or Professional Crafting. The only exception to this would be if I participated in a site's Team Kit – then the site's Terms of Use would apply.

I encourage **Scrap For Hire (S4H)** and **Scrap For Others (S4O)** use of my products and welcome any comments, questions, concerns in regard to my products. As well as any product requests and ways I might improve my products to better serve the Scrapbooking community.
